

Washi Tape Bracelets

Materials & Tools

- jumbo sized molded popsicle/craft sticks
- hemp cord #20
- scissors
- washi tape

Instructions

- Wrap the washi tape around the bracelet using approximately two inch strips to go all the way around, leaving room at the end.
- What may help little ones, is ripping off several strips of washi tape at a time, and placing them on the table for them to add to her bracelet in the order they want.

- Once finished wrapping, cut off one long strip covering up and enclosing the loose closures on the inner band, making a seamless inside.
- Pull the cord through the slot and make a knot on the outside securing the cord.

And there you have it, some pretty little DIY bracelets!
